# Take-home note

Noah builds the ark · Genesis 6:9–22

## Today in Sunday school

Today your child heard the story of Noah's ark (Genesis 6–9). Noah walked with God, and when God asked him to build a huge boat, Noah did everything God asked. God kept Noah's family and two of every kind of animal safe in the ark. Afterward God put a rainbow in the sky as a sign of a promise never to flood the whole earth again. The children talked about how God cares for every creature and keeps promises.

## Talk about it

- What animals would you have liked to see on the ark?
- What do you think it means to walk with God?
- How can our family take care of the animals and the earth God made?

## Try this at home

Read the story together in Genesis 6–9 or in a children's Bible. The next time you see a rainbow, stop and say together, "God keeps promises!" You could also take a walk outside and thank God for every creature you see.

## Pray together

Dear God, thank you for caring for every creature, big and small. Help us walk with you and take care of the world you made. Amen.

**Memory verse**
"Noah walked with God." (Genesis 6:9)
